My dear sir,

I submit herewith progress reports of my son Kailasam in London and regret that similar certificates in regard to Botany and Zoology will be available only after his College reopens in October He appeared for his first A R C S last June and took a second class and he writes to me that he missed a first class requiring a minimum of 80 per cent of the total by a few marks He drew his last stipend in July last and I request you to be so kind as to obtain a continuation of his scholarship for a further period of two years He appears next year for his final A R C S and then as laid down by Dr Evans he has to appear in 1913 for the honours course London B Sc in Geology The late lamented Mr Weir who saw Kailasam kindly came to my place and gave excellent report of his progress and Mr Ismay whom I saw 2 days ago was equally pleased with his progress and conduct Mr Weir asked me to apply for a scholarship of £250 a year after I learnt of Kailasam's passing his first A R C S , as the current year's studies devoted solely to Geology would involve much travelling and I beg you will kindly recommend a schola ship of £250 a year from October 1911 to October 1912 and of £200 a year for 1912-13 and oblige

Yours sincerely,
